Dr Brendan Murphy
Secretary
Department of Health, Canberra

By email: Brendan.murphy@health.gov.au
covidvaccineenquiries@health.gov.au

Dear Secretary,

Covid-19 vaccines for children **Request to cancel provisional registrations** **Request to recall goods**

1. We refer to our letter to you dated 28 January 2022 (attached), to which we are yet to receive a reply.
2. The matters canvassed in our letter raise issues of vital importance to the health and safety of Australian children, which ought to be a priority for your office. These matters are of an urgent nature, considering the ongoing availability of unsafe and ineffective goods available for use by children, namely the Covid-19 vaccines identified at paragraph 1 of the letter (**the goods**).
3. Should a substantive reply not be received by **11 March 2022**, we shall proceed on the basis that you have made “initial decisions” for the purposes of s 60(1)(c) of the *Therapeutic Goods Act 1990* to refuse to:
 - (a) cancel the provisional registrations for the goods; and
 - (b) require the sponsors to recall the goods.

We look forward to your reply at your earliest opportunity, considering the critical importance of this issue to the lives and health of our members and their families.

Yours sincerely,
People for Safe Vaccines
